★★★★★

I have joined the AI certification in Finance course from FPA. It is a hands-on course covering practical applications of AI in Finance. The curriculum is well designed to cover financial statement analysis using AI, Financial modelling and Automation. It also covers Audit assistant, Financial research assistant as well as building dashboards. I recommend it to anyone who wants to apply AI in Finance.

★★★★★

The course I opted for is CFP... All the faculties are well qualified and have a great knowledge about their particulars... Teaching environment is really positive and productive every session was upto the mark... Thank FPA team to build such a great platform to study.. I even recently opted for AI course in finance in which I learnt every single details of AI which is used in finance management... I thank all of the staff who took efforts for conducting such a great, informative and a productive course on board ...
